## Western Movement Internet Project

For homework this week, we will be going on a virtual field trip to experience life during the western expansion of the United States in the late 1800's. <u>You will have until August 26th to complete the journey.</u> You need to answer the questions below each section on this sheet. Answer in complete sentences. You will also have 2 additional worksheets to complete (Sod House and Famous Black Cowboys). If you need more room, you may attach another sheet of paper.

Students: You need to get a parent or guardian to sit with you and complete the activities below. **If there** is an issue (no computer access) completing these online activities, you MUST notify me by Wednesday, August 14th. Students who cannot complete these activities at home will have to do them before class (7:00 – 7:30 a.m). I cannot let you complete them during class time because we will be doing other things. If you choose to go into different areas on these websites, make sure you are asking your parents' permission.

Follow the directions below to begin your journey and have fun. Remember to type in the exact web site address in order for it to come up. We have placed this in your Weebly so you can bring up the website quickly. You can bring up the document and put the cursor on the website address, hit control (ctrl) and click the mouse at the same time, and it will bring up the site without having to type in the address.

## Westward Expansion and Cattle Trails

Experience what life would be like once you got to the location west and began to settle the land.
